Standard Notes: - Represents zero. (D) Withheld to avoid disclosing figures for individual companies. (HA) Not available. (X) Not applicable.

[1] For crushed and broken stone, sand and gravel, and clay mining operations in manufacturing establishments, the number of production, development, and exploration workers was reported figures for man-hours. No data were obtained on other employees at such operations, hence, the same figures are included for production, development, and exploration workers and for all employees at such operations. For value of shipments and receipts, includes the estimated value of minerals produced and used in the same establishment.

[2] For crushed and broken stone, sand and gravel, and clay mining operations in manufacturing establishments, excludes the cost of purchased machinery installed.

[3] Excludes figures for crushed and broken stone, sand and gravel, and clay mining operations in manufacturing establishments.
